## “NO Bin Day”

To reinforce our food waste reduction efforts, we implemented the “NO Bin Day” initiative by removing food waste bins from staff cafeterias and serving meals without bones or inedible parts. Staff were encouraged to take only what they could finish. The initiative received full cooperation, resulting in zero food waste on the day—demonstrating the impact of shared responsibility in fostering a zero-food waste culture.

This initiative has been implemented at Centara Grand Beach Resort & Villas Krabi, Centara Ao Nang Beach Resort & Spa Krabi, Centara Anda Dhevi Resort & Spa Krabi, and Centara Ras Fushi Resort & Spa Maldives.
